

Project Description:

This project will provide storm drainage and safety improvements on Eden Avenue nearby Rosemary Elementary School and at the intersection of Eden Avenue and Rosemary Lane. The improvements will include new sidewalk, curb, gutter, and driveway aprons; a pedestrian activated flashing beacon system along with striped crosswalks, streetlight, and ADA curb ramps at the Rosemary Lane intersection; a new storm drain line and catch basin; and pavement work.

Project Schedule:

Start Construction - June 2019

End Construction - September 2019
