

## Waste Tracking Requirements for Projects in Campbell

To satisfy CalGreen standards and LEED certification requirements, demolition, construction and recycling waste weights and/or volumes are to be reported to the City using [Campbell.WasteTracking.com](https://www.campbell.wastetracking.com) hosted by Green Halo. Projects must meet a minimum rate of 65 percent recycling and/or reuse of nonhazardous construction and demolition waste.

**Who:** Only project contractors and property owners are eligible to fulfill this requirement.

**What:** All new demolition, alteration, and addition projects. [Click here for more CalGreen information.](#)

### Step 1: Before You Begin

Determine how you will manage debris, excess building materials, and salvage materials. Solid waste must be collected and disposed of in containers provided by the City's franchised hauler, West Valley Collection & Recycling (WVC&R). The only exemption to this is the use of the contractor's company owned disposal bins for the self-haul option.

- When setting up your service with WVC&R, notify them that you are tracking your project waste through Green Halo, and arrange with WVC&R to receive the appropriate weight ticket information.

### Step 2: Prior to Issuance of Permit

Visit [Campbell.WasteTracking.com](https://www.campbell.wastetracking.com) to create a project in Green Halo, provide waste management plan information, and submit the project for initial review.

### Step 3: Throughout Your Project

Upload all weight tickets and receipts into the waste tracking system. Weight tickets **must** state the city of origin as Campbell and the material type on the tickets **must** match what you entered into the system.

### Step 4: Prior to Final Inspection

Finish uploading all weight tickets and submit the project for final review. Once City staff review and approve of the submitted weight tickets, you may request your final inspection.

If you have any questions during this process, please feel free to contact us at 408-866-2155 or [perin@campbellca.gov](mailto:perin@campbellca.gov).
