

Please contact West Valley Sanitation District regarding your project.

WHO

The District was formed in 1948 as County Sanitation District No. 4 of Santa Clara County under the provisions of the California County Sanitation District Act. In 1988 the District changed its name to West Valley Sanitation District of Santa Clara County, to reflect its geographical service area.

WHAT

West Valley Sanitation District provides wastewater collection services for the cities of Campbell, Monte Sereno, Los Gatos, much of Saratoga and some unincorporated areas of the county within the District boundary.

WHY

Sewer Connection Permits may be required when you perform any of the following:

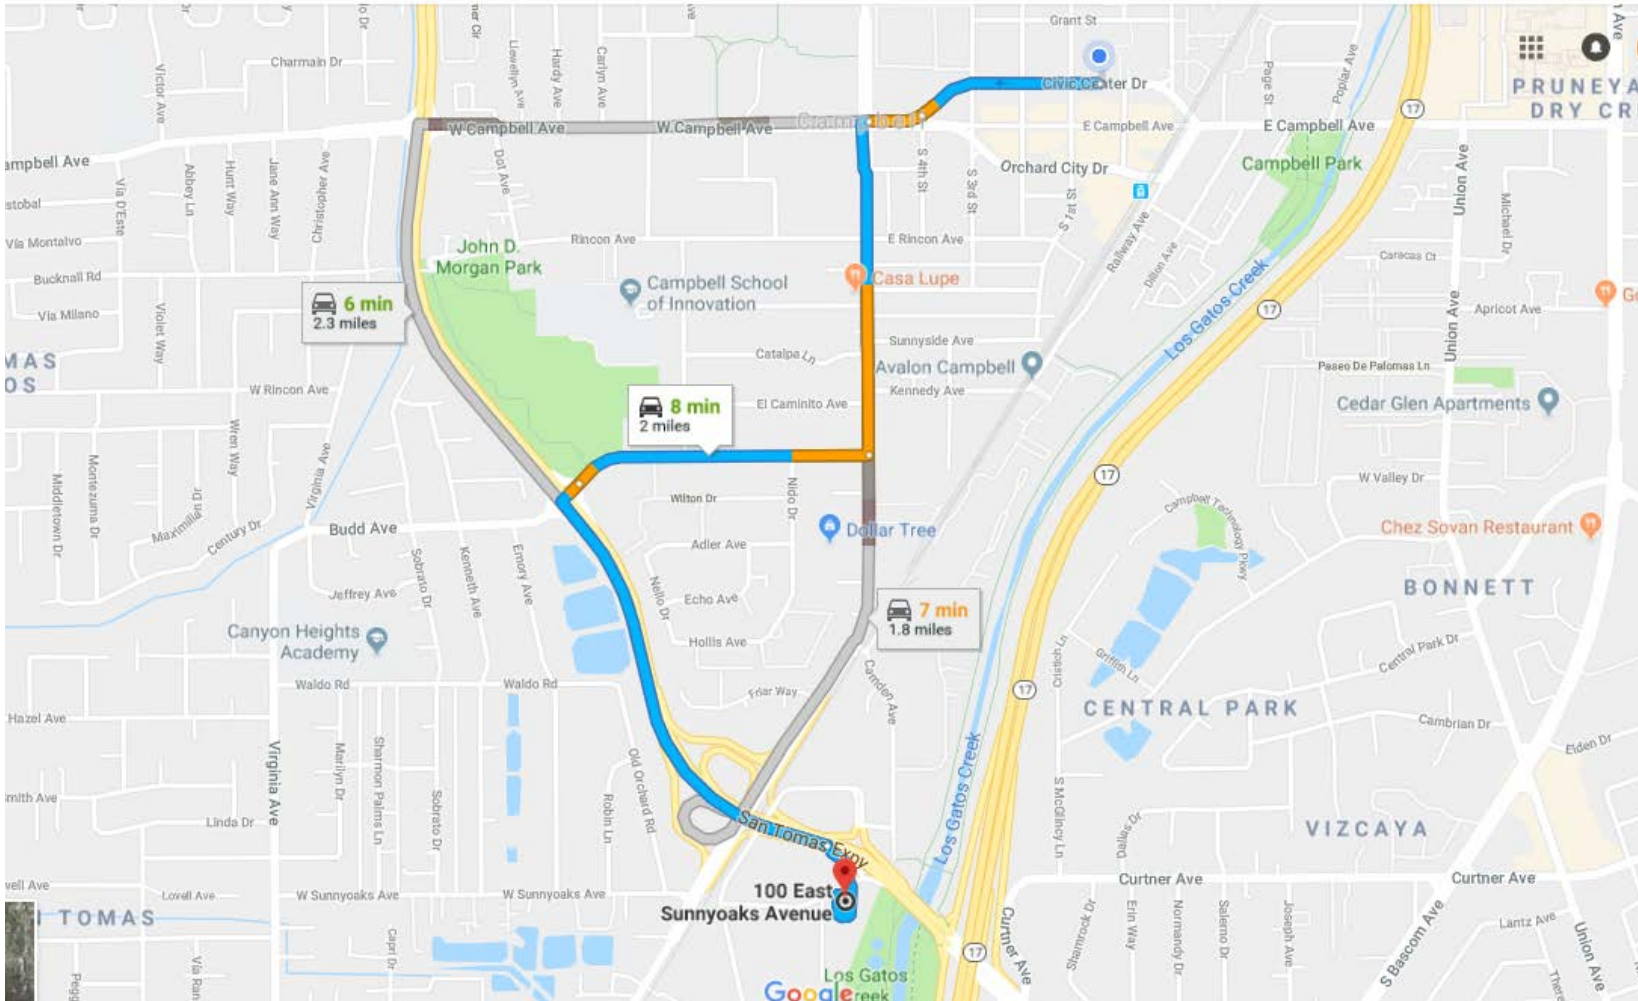

- Septic tank abandonment and connection to the main sewer line.
- Remodels and/or additions to existing connected structures.
- New single-family home, multiple family dwelling, mobile home, or commercial building construction and connection to the main sewer line.
- Construction of an accessory dwelling unit, junior accessory dwelling unit or auxiliary building structure.
- Demolition of an existing building and/or construction of a new building.
- Replacement or installation of any sewer lateral, clean out, or backflow protective device.
- Construction, installation, replacement, or repair of any plumbing system which is connected to a sanitary sewer.
- The change of use in any commercial, industrial, or quasi-public structure which substantially impact the quantity or quality of the effluent flowing from the structure to the District's sanitary sewer system as determined by the District Manager and Engineer.
- Any construction which may impact the District's easements or easement rights.

HOW

Procedure for obtaining a Sewer Connection Permit or Project Clearance Letter

- *Telephone West Valley Sanitation District at (408) 378-2407 and select option '5' to discuss your project.*
- If requested, submit required plans, documents, or both for review and District staff will perform a site investigation.
- Once the site investigation, plan, and document review are completed, the applicant will be notified of any permit requirements and/or fees.

See attached map for directions

Any project that involves replacement or repair of sewer lines or drain lines is required to obtain approval from West Valley Sanitation District (W.V.S.D.).

100 E Sunnyoaks Ave, Campbell CA 95008
