COVID-19 Self Certification

70 North First Street
Campbell, CA 95008

To the Owners of Campbell Properties:

All non-essential City services have been paused to comply with the new orders implemented by Santa Clara County Public Health. We understand this may have placed your construction projects in a challenging position. Though our offices remain closed to the public, we see the need to allow essential infrastructure construction and limited permit applications to continue.

The following solutions have been put in place:

1. Emergency system replacements and repairs such as sewer and water lines, water heaters, HVAC, electric panels, and roofing may take place with a post permit issued at a later date when City Hall re-opens or our online permitting applications launch (CRC 105.2.1).
2. Continued work on permitted projects may continue if social distancing is respected and the following disclaimer is signed and returned to be filed with your permit documents.
3. This self-certification approval is limited to emergency and critical projects only. The City of Campbell recommends that all owners, contractors, and material suppliers follow the *Shelter in Place* directive issued by the State of California.

To Qualify for the COVID-19SC, the property owner must submit this application for approval.

I _____ as owner of _____,

permit number _____ - or - type of new work _____

request that I be allowed to begin or continue work without inspection until City Hall and the Building Department reopens at a later date and resumes inspections.

I take full responsibility for the work completed by myself or my contractor.

I release the City of Campbell from liability regarding this project.

I agree to retain photographs and declarations documenting completed work.

I agree to submit the photos and declarations to the Building Department.

I agree this agreement may be rescinded at any time by the Building Department.

I understand my building inspector may contact me with questions or status reports.
